“Val di Sole/Madonna di Campiglio/Pinzolo” 2022

How does a Ski Italy Trip compare to other European Ski/Snowboard Packages?

SKI ITALY Has been operating hosted tours to “Val di Sole” Italy for 21 years. We do not plan vacation packages to a multitude of ski destinations. We specialize and host vacations almost exclusively to the “Val di Sole/Madonna di Campiglio/Pinzolo” area located in the heart of Italy’s Dolomite Mountains, and we do it well. We Offer our customers tireless attention to detail and provide them with an excellent value for their vacation dollars. SKI ITALY has been offering its winter vacation packages since 2000 and has received high ratings from many skiers, non-skiers, and snowboarders that have traveled with us over the years. We have customers who return to ski/snowboard with us year after year, and their testimonials are available for review.

SKI ITALY does not change its pricing based on fluctuation of the U.S. Dollar. Prices will not increase once you have booked and paid for your trip. ITAS Ski Injury Insurance for skiers, and Local Tourist Taxes are included in our trip pricing.

SKI ITALY will not ask you to wait until close to departure for your airline information. We do not use charter flights. We use only scheduled air transportation. Although schedule changes can occur, you can be assured that your flight will be on a scheduled airline to Italy from our departure gateways or connections. Connecting flights to those international gateway airports from other U.S. Cities on partner airlines may be available to our customers at discounted rates. Only “Land Only” Trips offered in 2022.
